 reallymoving

Who are reallymoving?

Reallymoving was launched in 1999, and has become the UK's leading provider of instant quotes for home moving services.

We are an independent and privately financed company, majority owned by our management and Directors. In 2019 we received **270,000 registrations** and generated **1,050,000 quotes** on behalf of our UK wide network of partners.

This represents approximately **£190 million worth of work** in 12 months. **Nearly 20% of UK home buyers** in 2019 received quotes from reallymoving. We provide instant quotes for Conveyancing, Surveys, Removals, Home Reports (in Scotland) and Energy Performance Certificates.

Testimonials

What our customers say:

Nicky H

I found it really easy and convenient to use the website. It definitely took some of the stress away when there's so much research to be done.

Tess

Requested quotes and got 3 within minutes. Companies then made direct contact and all have been professional and courteous.

Priest

Lots of businesses have made contact and made arrangements to come out and give me quotes. Very impressed at the response if using this service.

Shez

Easy, simple and took literally a few mins to get a quote. A fab quote at that! I'll definitely use again in the future.

What our partners say:

'We have used reallymoving for a number of years now and it has become the most reliable and cost effective of all the online marketing options available to us. The information provided is detailed and very useful and the processes by which they send their leads are uncomplicated!'

Anchor Removals

'I have worked with reallymoving for over ten years and find their service to be very efficient and a great investment for my company, it is the only site we use to obtain work. The feedback is fast and we are regularly updated with new ways of improving our effectiveness on their site. They are not only the most competitive site to use but also the most professional.'

London Moving

'Reallymoving has become our source of receiving leads thanks to their high Google searches. The information provided is detailed and useful.'
